

NEWS FROM OUR NEIGHBORS

MOUNDS.

January 21.

Attorney Geo. E. Martin and Assistant Cashier Geo. C. Trammel of Mound City were business visitors here Friday.

Mrs. Geo. Chance and Miss Lendeko were called to Fort Britton, Ind., by the sudden death of a brother-in-law, who was accidentally shot.

Wm. Powers of Villa Ridge, was down Thursday. William is planning to build a fine business block on his lot on First street.

The slow rains and cloudy weather for the past few days has put the dirt roads in bad condition. In some places where there has been heavy hauling they are almost impassable.

The Bradley Lumber company have bought a big lot of timber west of town and will in the near future install a sawmill with which to cut the same. It is said the mill will be located near the brick yard north of town. The new plant will be quite an acquisition to the business enterprises of our city.

A negro burglar tried to enter the home of Mrs. George Thursday night. He had pushed the key out of the lock and opened the door with a skeleton key. He then threw a flash light into Mrs. George's face which caused her to wake up suddenly. She grabbed her gun and opened fire on the burglar. He ran away, but it is believed that some of the shots took effect.

Robbers held up the I. C. call boy Toben. They tried to enter the residence of Stern, Taylor, Alexander and Cunningham. This burglar business is getting to be somewhat fierce and it must be stopped if we have to import a few Kentucky Night Riders.

About 60 couples were in attendance at the Railway Clerk's ball at Hagan's hall last night. Refreshments were served and good music and dancing were indulged in until the small hours of morning. Many were there from Cairo, Mound City, Villa Ridge and other points. The exchequer of the Brotherhood was replenished about \$60 worth.

Late Thursday night Mrs. Anne Ruth Smith died at the home of her daughter, Mrs. Robert Aldrich, about one mile east of Villa Ridge. The deceased was in the 84th year and had lived near Villa Ridge for more than 35 years. She and her husband came to this neighborhood from Cairo and settled on a farm west of the village. Her husband's name was Gold Smith and the two names were so often run together that they became more familiarly known as Goldsmith. Mr. Smith died several years ago. Our sons and three daughters and a host of other relatives and friends are left to mourn her loss. Funeral Sunday, interment at Cairo cemetery at Villa Ridge.

May Teach Monkeys to Talk.

The monkey is not only more intelligent than the parrot, but is even more imitative. It is (excepting man) the only creature on earth that is capable of articulate speech. Prof. Bell believes that apes can be taught, at all events, to say a few words—at first by manipulation of their mouths and throats, as is done with the deaf born. We may live, he thinks, to hear chimpanzees talk, and with some degree of understanding of their own remarks.

"Don't you desire to be famous?" No," replied Mr. Groucher. "I don't care to have my name in the encyclopedia along with those of whom I have to grovel in the slightest."

FORMER CAIROITE KILLED

T. J. O'Brien Who Was Connected With Chicago Mill Run Over by Train at Memphis.

The Memphis Commercial Appeal gives an account of the killing of T. J. O'Brien in that city Thursday night which is of interest to Cairoites because Mr. O'Brien formerly resided here, being employed at the Chicago Mill, and has a number of friends here. News of the affair came to Mrs. Lelless, 411 Thirty-eighth street, who was a friend of the family. The account in the Memphis paper is as follows:

T. J. O'Brien, aged 49, millman, living at 819 McLemore avenue, was instantly killed by a backing train at the Iron Mountain depot on Calhoun avenue at 7 o'clock last night.

The victim, for some unknown reason, had walked down into the yards about 200 feet from the depot platform, and was standing on the tracks when an engine, pushing some cars, backed them on him. He was knocked over and the first trucks passed over his body, cutting him in twain. The accident was investigated by Patrolmen Persons and Long, who discovered from a blood-stained envelope the name and address of the unfortunate man. They called Thompson Brown, undertakers, who took charge of the body. The police headquarters were notified and patrolmen sent to the home of the victim of the accident. His son-in-law, Ed. Pennington, an electrician, with whom he made his home, went to the undertakers and identified the body as that of his father-in-law.

O'Brien has been employed for some time as superintendent of the Whiting Manufacturing company of Asheville, N. C., and had been engaged in superintending the construction of a saw mill plant at Johnson, N. C. He came home just before Christmas and has been here ever since. He intended to go back to Johnson soon. It is not known whether he intended to take a train or not last night. No ticket was found in his pockets.

He is survived by his wife and four children, all living in Memphis.
